

CCAPS for UC Users

CCTST Competition & Awards Program Site

How do I get started?

- The first step for anyone using CCAPS is to either have a CCHMC login or have their UC login linked to the Cincinnati Children's Research Network
 - This all starts [here](#)—on the Cincinnati Children's Research Network login page
 - You can access this page by clicking the link above or going to <https://ccaps.research.cchmc.org/welcome> and clicking the “login” button at the top right

If you are a UC employee...

- You will need to have your UC login linked to the Research Network.
 - This is a simple process, but should be completed well ahead of the application deadline, as it can take time, especially during busy periods
 - You should start the process by clicking on the UC Login link at the bottom of the Research Network login screen (shown on next slide)

Research Network Login

For CCHMC users, please use your network username and password.

For External users, please use the username and password that was assigned to you. If you do not have a username, please request one by sending an email to help@bmi.cchmc.org. If you do not remember your password, click [here](#) to use the password self-service password reset portal.

For Federated partner users, please click on the logo of your institution, then login with your corresponding credentials.
